

SPECIFICATION

MODEL
K-EC225-R230-29

EC Centrifugal Fans Ø250

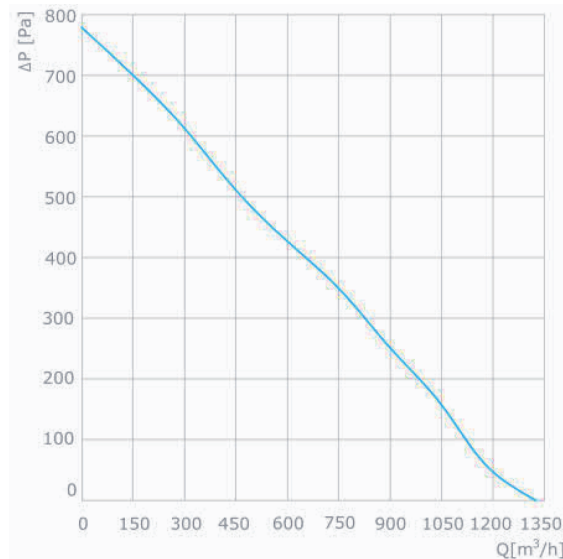

Features

- Speed Control:0~10V DC/PWM
- Direction of rotation:clockwise,seen on rotor
- Impeller material:PA6+GF
- Type of protecyion: IP55
- Insulation class:B
- Mode of operation:continuous operation (S1)
- Bearing:ball bearings
- Motor protection:Thermal protection, Soft start protection, Locked rotor protection

Specifications

Model	Nominal Voltage (v)	Frequency (Hz)	Speed (RPM)	Power input max(W)	Current max(A)	Noise [db(A)]	Perm.amb. temp.(°C)	Electrical connection
